

Safety Newsletter January 16, 2009

1-22-2009 Safety Shoe mobile
2000 Carleton St.
East Parking Lot, Carpool Space
9:00 a.m. – 1:00 p.m. ONLY

This visit is for New Employees that have not previously purchased OR employees that need services on purchases made earlier in the 2008-2009 fiscal year. No custodians for this fitting.

Custodial Staff: Early March 2009, date to be determined.

All employees will need a Shoe Voucher signed by your supervisor and must select shoes meeting the required safety elements for their specific job (available in 2000 Carletons St., 214 or from your supervisor).

\$150.00 is the maximum amount PP-CS will pay for shoes. Any amount above \$150.00, the employee is responsible for at the time of purchase.

1-27-2009 Executive Safety Committee Meeting
2000 Carleton St, 246 A&B
1:00 p.m. -3:00 p.m.

EH&S Shop Inspections

The annual EH&S inspections for PP-CS shops will take place 1-27-2009 through 2-5-2009. Shops will be inspected 9:00 a.m. – 12 noon each day. The schedule is listed below:

1-27-2009 Carpenter, Electrical, Elevator, Glazier
1-28-2009 Motorpool, Machine, Plumber, Sheet metal
1-29-2009 Insulation, Fire Prevention, Structural
1-30-2009 Grounds
2-3-2009 Utilities, Roofer
2-4-2009 Lockshop, HVAC, Marchant
2-5-2009 Paint

Motorpool Ventilation System

A safety concern about the air quality in the motor pool was brought forward. EH&S Engineer Jim Gilson responded to a request for assistance and developed a plan for ventilation in the space.

Enter Howard Trent, PP-CS Project Manager. Howard took Jim's preliminary plans and tailored them to fit the shop's needs. Howard managed the project in an expeditious and cost effective manner, concluding the project at 50% of the proposed cost! Thank you Howard for your extraordinary management talent!

Howard is not the only contributor to the success of this project. Input/management expertise also came from Mike Stone (HVAC), Greg Rasmussen (sheet metal), Mark Paulson (paint shop), Alan Hand, Serafin Destura and John Dawson (electrical shop) Bobbie Newell (Asst. Dir), Al Taylor (Sr. Sup. Structural Shop).

John Dawson's installation of the CO/NO₂ monitor was so noteworthy, that the distributor of the monitor took photos to show others how a proper installation should look.

Thank you to all that supported the Motorpool ventilation installation process. Stop by the motor pool and let Linda show you the system.
